Mr. WOODALL. Mr. Speaker, the Committee on Rules has issued announcements outlining the amendment process for three measures that will likely be before the Committee on Rules next week. The amendment deadline has been set for Monday, May 22 at 10 a.m. for H.R. 953, the Reducing Regulatory Burdens Act of 2017; for Monday,

May 22 at 3 p.m. for H.R. 1761, the Protecting Against Child Exploitation Act of 2017; and Tuesday, May 23 at 10 a.m. for H.R. 1973, the Protecting Young Victims from Sexual Abuse Act of 2017.

CITIZENSHIP FOR SURVIVORS OF FALLEN FIRST RESPONDERS

(Mr. BACON asked and was given permission to address the House for 1 minute.)

Mr. BACON. Mr. Speaker, I rise today to ask my colleagues to join me in support of H.R. 1970, the Kerrie Orozco Act. This coming Saturday is the 2-year anniversary of the death of the Omaha Police Officer Kerrie Orozco, who was killed while serving a warrant to a convicted felon and known gang member. May 20, 2015, will forever be a somber day in the Omaha metro area.

Every day all across the country, first responders put their lives on the line to protect citizens. When Officer Orozco was killed, her husband, Hector, was going through the process to gain U.S. citizenship, and her death put a halt to it. He has an enormous responsibility as a single parent, and we owe it to Kerrie to ensure that her family is provided the same protections they would have had if this unfortunate situation had not occurred.

H.R. 1970 would give many of our first responders peace of mind to know that, even in death, their surviving loved ones can continue the immigration process. This legislation would amend the Immigration and Nationality Act to allow for the surviving family members of a fallen U.S. citizen first responder to be naturalized upon compliance with all requirements.

Current law allows for surviving family members of the U.S. military killed in service of our Nation to continue with their citizenship application. H.R. 1970 will simply extend that privilege to first responders. We owe it to Officer Orozco and other fallen first responders to honor their memory by passing H.R. 1970.

I look forward to working with both Democrats and Republicans in Congress to give our first responders the peace of mind they deserve as they head out the door each day to serve our communities.

STROKE AWARENESS MONTH

(Mrs. BEATTY asked and was given permission to address the House for 1 minute.)

Mrs. BEATTY. Mr. Speaker, I rise today in recognition of May as Stroke Awareness Month. As a stroke survivor, I understand the magnitude of this disease and the hundreds of thousands of lives it touches in American families each year.

We know that the risk of stroke increases each year, but strokes can and do occur at any age. In fact, every 40 seconds, someone in the United States suffers a stroke; and every 4 minutes, someone dies from a stroke. Stroke is the fifth leading cause of death in the United States, killing nearly 130,000 Americans per year.

To help raise awareness on how stroke affects Americans across all ages, races, and demographics, today I am reintroducing my resolution recognizing May as Stroke Awareness Month. The resolution aims to enhance public awareness by urging and continuing the coordination and cooperation among researchers, families, and advocates for improving treatment for individuals who suffer stroke. Together, we can combat this illness and work together toward long-term solutions to prevent, treat, and improve the lives of those suffering from stroke.

I thank the gentleman from Ohio (Mr. TIBERI) for joining me as an original cosponsor of this bipartisan effort. Mr. Speaker, I ask others to please sign on.

WE NEED A BORDER WALL

(Mr. BIGGS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BIGGS. Mr. Speaker, last week I again visited the Arizona-Mexico border. I examined border fencing in the city of Nogales, on the Tohono O'odham Indian Reservation, and a working cattle ranch. As an Arizona native, I have visited the border many times, and each time I am disheartened by what I see.

Much of the fencing I saw last week would do little to keep illegal aliens from crossing the border. In failing to construct a wall, we are allowing anyone to enter the United States.

Border Patrol agents are outnumbered by illegal aliens, drug cartel scouts, and human smugglers. The technology in place is woefully inadequate. There is no question that our citizens along the border are in danger and our national security is in peril due to the unknown identities of those crossing our border.

Mr. Speaker, President Trump won by promising to build a border wall. I unequivocally stand with him, but building the wall is only the first step to securing our border. We must also increase the number of Border Patrol agents, invest in cutting-edge technology, and fully enforce our immigration laws. These expenditures and efforts are necessary and worth the cost. It is time to do what we said we would do.

REMEMBERING AL KARNIG

(Mr. AGUILAR asked and was given permission to address the House for 1 minute.)

Mr. AGUILAR. Mr. Speaker, today I rise to recognize Al Karnig, a dedicated

and passionate member of the San Bernardino community who served as president for California State University, San Bernardino, for 15 years.

Dr. Karnig was a fierce advocate for our students, overseeing record numbers of enrollment, diversity, and faculty, as well as raising tens of millions of dollars for the university.

When Al wasn't working on improving access to higher education in our community, he was investing his personal time to make the inland empire a better place to live and raise a family. He served on the board for KVCR Educational Foundation, Inland Empire Economic Partnership, and the Community Hospital of San Bernardino.

Just last month, Al was in my office touting his latest philanthropic venture to help children, the Infant-Toddler Success program, working with parents and caregivers of children from birth to 36 months to help them to be ready for school and life.

I thank Dr. Karnig for his tireless efforts to make our region home to a world-class institution through Cal State, San Bernardino, as well as his advocacy on behalf of San Bernardino County families. As we mourn his loss, we give thanks for his contributions to our community, which will live on in his family, colleagues, graduates, students, children, and parents he helped through so many years of service.

HONORING FALLEN LAW ENFORCEMENT OFFICERS

(Ms. MCSALLY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. MCSALLY. Mr. Speaker, I rise today to commemorate National Police Week and to applaud the 900,000 law enforcement officers nationwide.

Last year, Arizona lost some of our finest, those who paid the ultimate sacrifice to keep our communities safe: Officer David Glasser of Phoenix PD was killed in the line of duty last May, leaving behind his wife and two children; Senior Officer Leander Frank of Navajo Nation PD was killed while responding to a call last August, and he is survived by his wife and children; Officer Darrin Lee Reed of Show Low PD was shot in the line of duty this past November, just weeks away from his retirement, leaving behind his wife, his son, and his daughter. We can never fully express our gratitude or repay the debt for their service.

I would also like to honor those who serve in law enforcement along our border. While not every community in America has the proximity to the border that my district does, we all benefit from the courage of CBP officers and Border Patrol agents. Last August, we lost Border Patrol Agent Manuel Alvarez, who is survived by his wife and four children. Just over a week ago, we lost CBP Officer Edgard Garcia, who was well loved by our Tucson community.

We owe these men and their families for their ultimate sacrifice, and we owe a debt of gratitude to those who serve us today and every day in uniform.

WE NEED INFRASTRUCTURE INVESTMENT

(Mr. PANETTA asked and was given permission to address the House for 1 minute.)

Mr. PANETTA. Mr. Speaker, I rise today about the need for investment in our infrastructure. As we know, this week is National Infrastructure Week. In my district on the central coast of California, we need infrastructure investment, not just for our roads, for our water systems, and our rural broadband but for something I used growing up, the transit systems.

The bus systems where I am from played an important role not just in my life but in many of my constituents' daily lives. Parents use the system to bring their children to their doctors, students use the transit system to attend the many schools and colleges in my area, and our employees use this form of transportation when they travel to their high-tech jobs in Silicon Valley, to their hospitality jobs on the Monterey Peninsula, and to their agriculture jobs in the Salinas and Pajaro Valleys.

The transit system makes our businesses more accessible to their employees, to their customers, and everybody who helps the regional economy, but the benefits don't end with our riders. With transit, our roads experience less wear and tear, and our environment is protected.

I know that my district isn't unique when it comes to the need for infrastructure investment. Our entire country needs it. So let's continue to do our jobs here in the Congress. Let's invest in our transit systems, in our infrastructure, so that our government can do something for our constituents, our local businesses, our home, and our families.

HONORING BUDDY LAROSA

(Mr. WENSTRUP asked and was given permission to address the House for 1 minute.)

Mr. WENSTRUP. Mr. Speaker, I rise today to thank Buddy LaRosa for his countless years of service to the city of Cincinnati, having touched the lives of so many. Recently, West Elder Street near Findlay Market in Cincinnati was renamed Buddy LaRosa Way.

The exact spot was picked because, according to Buddy, that is the exact spot where he sold shopping bags for 3 cents when he was 10 years old. This was the beginning of his successful pizza empire, LaRosa's Pizza, a Cincinnati favorite. But great pizza isn't Buddy's only contribution to the Cincinnati area, not by a long shot.

Buddy is one of the most generous people I have had the pleasure of knowing through my life. He has dedicated
